**Introduction**

*This report is part of a comprehensive industry study conducted by Ducker Research between October 2009 and March 2010 on behalf of the American Architectural Manufacturers Association (AAMA) and the Window & Door Manufacturers Association (WDMA).*

*A number of sources were used in the development of the Review, including the Department of Commerce and - U.S. Bureau of the Census, amongst others. All forecasts are based upon projections of construction activity at the time of publication and appropriate usage factors developed by Ducker Research Company, which is solely responsible for the data. Any question on the Review or its contents should be directed to Ducker Research Company. Please note that totals may not always add due to rounding.*

*Additional, more detailed information on window and skylight markets is contained in the updated (2009) "Study of the U.S. Market for Windows and Doors", and "The Distribution of Residential Windows and Doors in the 2009 U.S. Market". All reports are available from Ducker, AAMA or WDMA.*
